

# Beachcomber Seat

The Beachcomber seat is specially designed to complement a beachside theme. These fun benches are constructed from recycled plastic and are especially suitable for use in marine environments, as salt water will not corrode the material.

## Standard Beachcomber

The specially designed seat of the Standard Beachcomber compliments the surfboard back, creating a comfortable bench that will add interest to your setting—whether at the beach, on a pier, outside a surf shop or even poolside. One line of text may also be incorporated into the design.

Standard Beachcomber

## Advanced Beachcomber

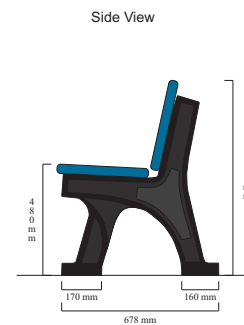

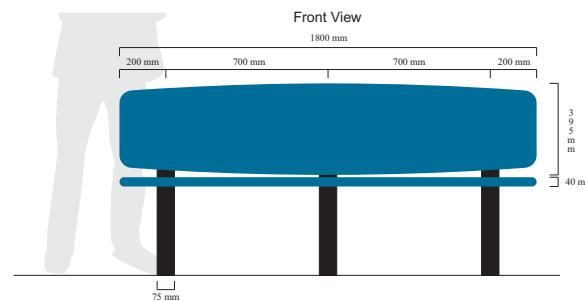

Create a talking piece by custom designing an Advanced Beachcomber. Your unique design can be tailor made to meet your requirements with plaques and, painted or 3D text, added to suit. The possibilities are limited only by your imagination.
