

SIGNS

Replas makes a range of recycled-plastic signs. Our signs are extremely hard wearing, offering you an economic and ethical alternative to using timber. Our five standard signs have been specifically designed to suit your needs and are available in a range of colours. As the colour is built into the plastic you are assured a virtually maintenance-free solution.

BOLLARD SIGN

A simple sign that is easily customised

PADDLE SIGN

Designed and used by Surf Life Saving Victoria

PODIUM SIGN

An excellent way to display information

TRACKMARKER SIGN

Offers signage on both sides

PLANK SIGN

Identify your park, school or recreational ground
